

Prompt for DeepSeek to Recreate This Website

Here's a comprehensive prompt you can copy and paste into DeepSeek to recreate this water bottle brand landing page:

PROMPT START

I need you to create a complete, production-ready HTML landing page for a premium spring water brand called "AquaPure". Here are the exact requirements:

Brand Overview

Company: AquaPure - Premium Spring Drinking Water

Tagline: "Pure Spring Water. Crisp & Refreshing."

Target Audience: Health-conscious individuals (B2C), corporate offices, event planners, and hotels (B2B)

Products: 500ml, 1L, 2L, and 5L premium spring water bottles

USP: Sourced from deep alpine aquifers, naturally mineralized, pH balanced at 7.8

Design Requirements

Aesthetic: "Clean Tech" meets "Organic Luxury" - think premium, modern, minimalist with a focus on purity

Color Palette: Deep ocean blues (#0A2540), crisp whites (#FFFFFF), mint/sage green accents (#4CAF50), metallic silver/gold for premium feel

Typography: Use Google Fonts - "Playfair Display" for headings (serif, elegant) and "Inter" for body text (clean, modern sans-serif)

Glass-morphism Effects: Use backdrop blur and semi-transparent backgrounds for a premium feel

Full responsive: Mobile-first approach, works on all screen sizes

Required Sections (in order)

1. Navigation (Fixed Header)

Logo: "AquaPure" with water drop emoji

Desktop nav links: Home, Water Selection, B2B Supply, Events, Reviews

Desktop CTAs: "Shop Water" and "Bulk Inquiry" - both linking to WhatsApp

Mobile: Hamburger menu (right side) with overlay panel

Sticky on scroll with backdrop blur

2. Hero Section

Full-width YouTube video background (use video ID: Jk88_BaEi00)

Video should autoplay, mute, loop, with NO controls, NO title, NO branding

Video must fill entire hero section with NO gaps (use 300% width/height trick with transform)

Overlay: Dark gradient (45% opacity) for text readability

Content: "Mountain Spring" tag (glass-morphism pill), H1 heading, descriptive paragraph, CTA button

Hero height: 440px (mobile), 500px (small), 600px (tablet), 700px (desktop)

All CTAs link to WhatsApp

3. Feature Grid (4 columns)

Features with Material Icons:

"Crisp, Clean Taste" - water_drop icon

"Naturally Mineralized" - health_and_safety icon

"Sustainable Source" - eco icon

"Perfect pH Balance" - opacity icon

Each feature has a title and descriptive text. Use glass-morphism cards with white background.

4. Product Showcase

Section title: "Pure Water for Every Moment"

Grid layout: 500ml & 1L (side by side), 2L & 5L (side by side)

Each product card shows: image, label, name, price, "Add to Cart" button

Images: Use Unsplash water bottle photos

All "Add to Cart" and "View Details" buttons link to WhatsApp with pre-filled messages

Hover effects: scale image, shadow lift

5. B2B/Events Section

Dark background (#0A2540)

Title: "Premium Water for Offices, Conferences, and Hotels."

Description about bulk delivery and custom branding

Two CTAs: "Request a Free Sample" and "View Bulk Pricing" - both link to WhatsApp

Side image: Corporate water delivery photo

Floating stat card: "2,500+ Businesses Trust AquaPure"

6. Video Reviews Section

Star rating display (4.9/5)

Title: "Loved by 50,000+ Hydration Enthusiasts"

Two YouTube videos embedded (no controls):

Video 1: g8ICQUwxkak

Video 2: rl5tNMpW--k

"Read All Reviews" button linking to WhatsApp

Responsive video wrappers (16:9 aspect ratio)

7. Science of Water Section

Two-column layout

Left column: "The Science of Pure Water" with 3 feature cards

Natural Filtration (biotech icon)

Cellular Absorption (model_training icon)

Optimal Alkaline Level (opacity icon)

Right column: "Hydration at the Molecular Level" with description and progress bar showing "98% Cellular Hydration Efficiency"

8. Trust Badges

4 badges in a row: ISO 22000 Certified, Lab Tested Purity, 100% Natural Spring, Eco-Friendly Packaging

Grayscale with hover color effect

9. Footer

4 columns: Company info, Explore links, B2B links, Newsletter signup

Social media icons (Website, Share, Email)

Newsletter input with "Subscribe" button (links to WhatsApp)

Copyright notice: "© 2026 AquaPure Spring Water. All rights reserved."

Privacy Policy, Terms of Service, Cookie Settings links

10. Floating WhatsApp Button

Fixed position: bottom-right

Green background (#25D366) with WhatsApp icon

Pulse animation

Hover tooltip: "Order via WhatsApp"

Links to:

<https://wa.me/1234567890?text=Hi%20AquaPure%2C%20I'd%20like%20to%20inquire%20about%20ordering%20your%20premium%20spring%20water!>

WhatsApp Integration

Phone Number: 1234567890 (make it easy to change)

All CTAs must link to WhatsApp with appropriate pre-filled messages:

Shop Water → General ordering inquiry

Bulk Inquiry → Business bulk order inquiry

Add to Cart → Specific product inquiry

Request Sample → Free sample request

Subscribe → Newsletter subscription

Read Reviews → Review sharing

Technical Requirements
Use Tailwind CSS (CDN)

Use Material Symbols (Google Fonts icons)

Use Font Awesome for WhatsApp icon

Fonts: Playfair Display + Inter (Google Fonts)

Smooth scrolling

Scroll reveal animations (Intersection Observer)

Mobile hamburger menu with overlay

Sticky navigation

Video iframes with no controls (controls=0, showinfo=0, rel=0, modestbranding=1)

All images from Unsplash (free stock photos)

Additional Design Notes
Use glass-morphism effects (backdrop blur, semi-transparent backgrounds)

Inner glow shadows for cards

Bottle shadow filters for product images

Scroll-triggered reveal animations

Hover effects on cards and buttons

Active navigation link states

WhatsApp floating button with pulse animation

Mobile Responsiveness
Hamburger menu on mobile (right side)

Stack grid columns on smaller screens

Responsive font sizes

Touch-friendly button sizes

Please generate a single, complete HTML file with all CSS and JavaScript inline. Make it production-ready and visually stunning.

PROMPT END

Quick Setup Instructions for DeepSeek
Copy the entire prompt above

Paste it into DeepSeek

The AI will generate the complete HTML file

If you need changes, just ask for specific modifications

Key Variables to Customize After Generation

Variable	Where to Change	Default Value
WhatsApp Number	All wa.me/ links	1234567890
Hero Video	src in hero iframe	Jk88_BaEi00
Review Video 1	Reviews section iframe	g8ICQUwxkak
Review Video 2	Reviews section iframe	rl5tNMpW--k
Product Images	src in product cards	Unsplash URLs
Company Name	Logo and footer	AquaPure
Copyright Year	Footer	2026
